STUDEBAKER

challenges all cars

in ga's economy!

STUDEBAKER care have made magnificent records in gasoline seconomy. But you don't care about records actieve tunder aprecial circumstances. You want to know what good bad and indifferent drivers get under average conditional.

O K We will tell your Studebaker fired Facts Inc. a bisiness research organization to question 500 sowiers of each of the ten most popular makes of automobiles (1936 models). Pach driver was asked. What gasoline mileage do you get?

The best showing was made by Studebaker. Owners of the Dictator with overdrive testified to an average of 18-166 miles per gallon. Even the most popular lightest weight lowest priced cars used nore gas per mile. Without overdrive the Studebaker Dictator showed 17-199 miles per gallon—which is better than one of the two most popular lowest priced cars.

STUDEBAKER DEFLATES GAS MILEAGE CLAIMS!

> STUDEBAKER'S CHALLENGE! No other standard make of car can bent the gas mileage of the Dictator equipped with nutamatic everdrive in the hands of the average driver

It was discovered that the smoke was coming from a furnace in an addition from a furnace in an adjoining building. No damage was reported.

U. S. COURT REFUSES TO HALT SERVICE

A three-judge federal court in Washington, D. C., refused today to stop six major railroads and two steamship companies from operating "pick-up and delivery" service, which was calablished over the country recently and in Marion last week, The Associated Press response.

In so doing the court upheld the right of the interstate commerce commission to approve rates cover, ing such service without first is-suing a certificate of public con-venience and necessity. The rullog was made on a petition by the American Trucking Association Inc., for injunction against the eight carriers prohibiting a minimum charge of 45 cents per hundred rounds.

The service includes calling for material at the home or warehouse

material at the home or warehouse by the railroads, shipping on train, and delivery to the street address. The defendants in the case are the Pennsylvania, Battimore & Ohio, New York Central, New York, New Haven & Hartford, Chesapeake & Ohio and Norfolk & Western railroads and the Eastern Steambill, these and the Chief. and delivery to the street address hundred forty-six wather and True's Additionally to the Pennsylvania. Buttimore of the Street wide of his side thereof, instead being improved and party modern frame of Earage and being to the thereof the three of th Steamship Lines and the Clyde

ADDRESSES CLUB

Municipal Judge William R Martin addressed 25 members of Martin addressed 25 members of the Service club at the weekly luncheon meeting at Hotel Hard-ing last night. Judge Martin spoke on the functions of the municipal court and how they have originated.

He was introduced by John Ar-topoeus, program chairman, and following his talk a round twice discussion was held. L. E. As'n worth, president, was in charge of

Crossroads.

The terol loops, regime in Stain says it as the true government of that troubled cour ev must be Irlumphant German; and It is must back up their decision with open assistance in the drive to overthrow the writioned by dist government

Put the loyalists hale supporters too Russia is on their side. I rance is sympathethe. There two great powers have been challenged by the coalition of dictatorships Communism which once proudly set out to conquer the world by boring from within is on the defensive Lyen in France where Socialist Premier Blum in in power any day may bring the end of his cabinet and ascendancy of fascism

Communism it appears must accept the fasclet challenge hurled at it in Spain or abandon its hopes of world conquest and retreat within the borders of Soviet Rus sia. The course of action it pursues prob ably will decide the question of whether all Europe will be furned into a buttleground

If Russia could fight one for itt a lime Its choice would not be so difficult. But with Haly and Germany in absolute accord and with ample evidence that Jopan le lining up with Germany Josef Stalla will do a lot of thinking before he acts his was mallen at anthony

After all even Staffn realizes that he might better wise Russia for communities than to chance accessing in a despetate gamble against the united power of the world a strongest fuscist nations. There is imminent and housible danger of war - the thing which was only a possibility a few months ago has become almost a probabill ty-but not entirely so unless Russia the evangellat of communism decides to join the fame aquarely with the Ilab German

Russian Relations.

Russian relations of the United States are not in all ways autisfactory. This gos arnment shares with the Soviet govern ment a feeling that some of the terms of American recognition have been millified in the letter and discognided in the splitt.

It was friction growing out of such a feeling which caused William C Bullitt to neak trunsfer from Russin to Pronce after an auspicious beginning as American am-Imesado; in Moscow It is the same fric tion which makes appointment of foreph F. Davies as ambassador to Russia on in tracating bit of news

Mr. Davies and his wife me conspicuous is identified as capitalists. They are caus ing the American embassis in Moscow to be refurn) hed eachly and expect to enter taln on the ground scale Within Mr. Davidis known as a practlal man a successful lawyer with a large governmental practice and a theroughly mailstle attitude toward politica

destined to continuo its Russian relations uniter guidance of an antibosaider supable of understanding President Roosevelt's confidence in shrend lanke trading

Mr. Berry's Conference.

. pur-lest about George L Berry's council for industrial progress. Cheir puzzlement increased by Mr. Berra's call for bird ness and labor to meet with the council in December to formulate a program of in dustrial legislation looking toward long time stabilization of recovery

Last year a similar call went unbeeded in many puniters. This year Mr. burns meeting may be more successful. Never theless there will continue to be a surpiclon that the council for industrial progiess under Mr. Berry's direction is related closely to his other interests such as fermation of a labor party and advance ment of the industrial organization program of John L. Lawie

In other word, business men and labor ing men can not separate Mr. 5 115 na coordinator for industrial cooperation from Mr. Betry us a prominent advocate of a dispulled theory of labor organization. They suspect naturally that he has not by to grind and they sight eager to turn the grindstone for him. For this reason the response to his call for a conference will he watched with close attention. If he is correct in assuming that the Nov 3 land slide will force full attendance and even cooperation a significant reversal of attl tude toward him and his office has oc-

DANGEROUS

Two Views of New Deal's Future

By DAVID LAWRING SCE Copyright, 1935 by The Marion Star not the diffusion of dividends and wage increases whose what a fine piece of legis-lation it really is

WARHINGTON NOW 24 There are two distinct attendes which man at the imment it maximal toward the future of the new deal both by those who have expected in one is to take for granted that Preal dest Recesson has flumbed the major part of have excert into long at that the sale beneficially legan and that this will involve a word legan and that this will involve a word legan and that this will involve a word to business actually point of them afterned to business actually point of them after in the interest of true progression.

The other attitude is far more realistic and takes for granted that Mr. Rouse est was never full, destood rit or by his critics or by man, of his somewhat continuity in the south who keep on sascuring their the south who keep on sascuring their

the sould who keep on sasuring their filends that the President is at beart s narratic and means to turn to the right. In the weeks that have followed the

In the weeks that have followed the election the has been a sort of I told you as recling appeared by the incidentes or conservalt as in the Book of the incidentes of conservalt as in the Book of the incidentes are function of the armony of the content as correlatable, proof of the content as correlatable, proof of the content as the duty of a Washington correspondent to report conscientiously what Booking on whether he personally likes the plance on what he correlatable is a should be either that the content in centrolled economial that the mathematic of congress will see the enter ment of averall new laws to early further

ment of several new laws to carry furthe the objectives of control of reasons in merels to record the truin pleasant as it may be depending on whether one looks on the Roonevelt sclery is the end of a fight for almple propriess tem or the buildings of a surgleal ageration on the

applialistic a stem.
There is no clearer example of this than There is no clearer example of this than in the commerts being heard about Dr. Fugwells resignation. The fey with which the resignation has been received in certain a nervite quantity indicates that they has I aired nothing from the election return and that they are about to continue to drift in an atmosphere of visit of this drift in a factoristic and boules that maybe the ful thinking and hoping that maybe the v deal is going to let up on them after

Halling Some Payorable Points Histing some Pavorable Points.

I have disagreed with many of Dr. Lug-welly poil by and doctars but I respectible point of siew and believe that if controlled economy did happen to work out rolled economy did happen to work out in Ingasell is the proness and any look of a Ingasell is the proness matter to a course to fact that his policies have been entist for the affortium of does not not not that that his pollicia have been put into effect and some of his proposals will be written into live in the next congress but vill bear the names of conjects men and a natura who will take all the

If is essential for every conservative every progressive and every hashness turn and every latter funder to study lugwith ism. For whather Mr Robsecht every pub that concedes it or not his next oursesses

lick concedes it or not his next in 1884, to temperar will embedy the fugwell principles.

Flow can one prove such an assertion?

The answer is that Dr. Lugwell as the father of the present has or undistributed simplies of equipments has just scales as the father of the present has one undistributed simplies of equipments has just scales. surplus a of earrotations has just according most notable stational to that any man in public Microscreenth hape for Conservables in the United States cenate like Chetiman Part Intelson of the financiación miller are now shaging the profese of the law they religiously apposed any are saylog.

Foreign Investors

By John W Love in the Cleveland Frees I WOLLD not be difficult to ket worken up uses that an silon of foreign luvest ments in this country which President Robsevelt enleed the other day that danker

to our securits market of an undue accume

Novem billion dollars is apposed to be the amount funder fulginess have in vested in America—thats more than we

thought the country was worth in the fall of 1932. The idea of wealth, fereigners buying the country out from under use Amarica for American Investors and so on

More seriously though the thought of More seriously though the thought of these new owners of American services those who have bought here in the lost year in two selling them out suddenly and try ing to ship the moon house is something that has made traders in the strick market

that has made traders in the dick market dop and wonder more than once. In lost time was when the French devalued—It looked for a few minutes as if the trench might take their profits in Amarican stocks and then take profits in French frames. Siven billion: is a tot of money but when we separate it into the kinds of as cutilities and properties which fertificates own here it does not seem so large. The \$7.000.000.000 total is only a recent wass. The last careful estimate was made

The \$7000 000 000 total is only a recent guiss. The lust careful estimate was made for December and the buseau of foreign and domastic commerce put it or \$6.235,000 000. The difference is quitty accounted for in the gold movement this year.

One of the larger items is the 51,00,000,000 of foreign owned bank bal

auces and other short term funds. These

are working funds not speculative and would not be removed unless ammercial

Another substantial sum over \$100,000,000

Another substantial sum over \$100,000,000 consists or trust funds administrated here for persons thing abroad and some of them are American. Almost as large 15 another trusted sum the securities held here by foreign 10 surface companies for the benoalty of American policyholders. Two or three 15 to condition 16 minutance companies have to keep in Columbias sufficient refer (a the Oblide States securities. For characteristics was some \$000,000,000 and American benefit and those are not likely to 14 old. Among the rate \$100,000,000 worth which are in default. Then they own \$32,100,000 in American preferred \$60, ks. and the could handly by though

worth when are in detailt. Then they come \$3,1000,000 in American preferred stocks and the could hardly be though of as \$1 culations.

One of the largest fitting of foreign in vertice it is with more than \$1,000,000,000 (worth of 1100 of the shreetly worth and among these some \$32,000,000 worth and among these some \$22,000,000 worth and the Canallin Duriffe and their could mining properties in eight on the country such as Shell Urlan Oil the Countaility Viscoe plants and the Delty \$100 the Countaility Viscoe plants and the Delty \$100 the Countaility Viscoe plants and the Delty \$100 or 100 the Vis payments. The Dutch are important also with \$2,000,000 worth. None of this is in any danger of teng soil in sudden foight.

latten of fereign meney bere-

bition it really is too aer out-minded and too modest to alea or couchle over what is happening to one might hazard the gives that it he were to speak his mind, he would not be to the too porate auglias as why am I not right to the it is pure of my plan to regulate the allier on it capital to America and provint the kind of the coming of severe depressions.

ing of rearre depressions."

Intimizeral what Dr. Tugwell wrote in 1933 before most people in the business or laber or political varieties. The book in the case of the reason of contomics in Columbia in the 12 fee and was published in the Child I in fire and was published in the Child I inversity Press and fix chapters and in the light of what has happened a new constitute the fulfillment of a prophery for more potent than the lucky penel a new existitute the fulfillment of a propher, for min potent than the lucky prediction in ale to, Jim Farley on the electoral vite. I a national election. Mr Farley gut sell the methematics of an organized of a machine of rational proportions but "in Turkeell guessed the economics of a publisher evolution to which word some problems are tempted to prefix the small letter to Text of Tuguell Answer

How then naked Dr. Tugacill in 1933 shall the problem of capital afforation be attacked. Here was his answer. In a neighbor to the composite surpluses into the open in structure market for most of the trouble times from self altocation occurring sariety within a single organization. It is trouble rines from self and catton octuring strictly wilden a wingle organization. It is over up multile internal expansion and the use of funds came in the profit to commit the error to increased activity which came the problems of surplus which year ly gion more neutr To meet this profilem it is frequently

suggest of that a tax le imposed on funds are ned above replacement, which are on for expan ion purposes. If buxulton forced these funds into distribution as livitered, they would have to seek rein section through the regular channels and account to the regular channels and account to the regular channels and n conterns plans for expansion would be sulfect to check in the Investment market mught be said meldentally also that a dutary check upon present practices in anthropology and concept dividends and concept unlings for manipulative purposes would

ore Once all funds were forced into the in Once all funds were forced into the in-ye in in market however, some other memos of sup rivising their us a would be needed. This might be done through the federal incorporation of husiness a 1 to new capibal feature then revision or original chutera would be necessary. Indiging by the 12th being heard in new deal quarters this very month in Washing, ton about hypsicition to compel feight in carporation of businesses. Or tugweit mas-com be able to challe up mother score for

corporation of businesses. Dr. Eugweif mus-coen be able to chalk up another score for his prophetic vision. COLLECTORS

THIS POSTAL MINISTER IS MUCH SOUGHT FILL

the fresident for example was arked before he left whether he expected sharp price increases. He wisely ducked the question with the fractions advice that the questioner should talk some attack exchange h use.

But no firmer official approunce ment of the expectations could have been conceived than the negative one made a few dave later by that I colon of federal reserve. He to I celes of (edital reserve lies and) his bosoid was considering a furth a increase of roserve requirements. Well inspired news accounts simultaneously announced the increase would probably be maderlight after the Christmas holidays. As there would be no reason for

increasing reserve requirements unless Gov. Decles in anticipating a hoom like demand for bank credit he seemed to say backwards what President Roosevelt and his other resignalizers have declined to

state frontwards
Alms

The state department move to get the embassy out of Madrid was officially ascribed to lack of faith in the aim of rebei aviators

in the aim of rebel aviators. The rebels have repeatedly promised they would not bomb the diplomatic zone in Madrid but there is smithing about the Latin gunsights which discourages confidence of everyone within range. It is an old Spanish ension to shoot at one thing and bit another. Execution of the embases will

nt one thing and nit another.

Execution of the embassy will ulso make the switch of recognition from the loyalists to the rebels very smooth plussent and socially current. By moving our diplomats out of gun range, the state department is also moving them out of the loudist sum. After the rebels ment is also moving them out of the boulist sum After the rebels take the capital our bors can be moved back in again without seeming to be falling on Gen France's neck Early Birds

Squads of new trestman con-gressmen who nutriculated in the last election have been wandering through capitol corridors the last few day. They have hastened to few day. They have nustered to look over their new Jobs before the official count of the ballots is completed. Other freshmen who have not yet arrived are said to have sone off on vacations away from

Flakier pie crust digestible as bread with new TRIPLE-CREAMED shortening

HERE Sa perfect finish for a glorious Thanks-giving Dinner - Cross-Crust Mince Pie with a crust so tender and flaky, so he autifully browned so delicate in flavor that your guests will forget all the good things they've already eaten and devour it to the last delicious crumb

Thanksgiving Day or any day, you Il have don bly delicious pastry when you make it with Spry, the new, purer ALL-segetable shortening that s triple creamed Spry is whiter, smooth as satin Cuts into the flour so easily your dough requires just half the handling

Cake-bakers marvel!

Spry gives lighter, more delicate cakes in half the mixing time. Perhaps you doubt this, think there's only one shortening to use for cakes Countless women thought so, too, until they tried Spry Now they're getting better cakes for less work and less money—with Spry!

Spry is marvelous for frying too Doesn't smoke Gives crisper, eastier foods that are as digestible as if baked or boiled. Try Spry.

The new, purer ALL-vegetable shortening - TRIPLE-CREAMED

What Is Frutina Fruit Break

It is the outstanding loaf known to SCIENCE. It's se blending of fruits in PULVERIZED form with (20) years perimenting from coast to coast, before it was offered to

TESTIMONIALS

FRUTINIA FRUIT bread has relieved ACID Condition for me, and also is unnderful for correction of CONSTIPATION

(Nigned) MRS C V ELBERSON, S SANDUSKY ST BUCYRUS OHIO

I am very glad to have an opportunity to tell the makers of FRUTINIA FRUIT bread just what it means to me and my finilly. I have (5) children and they are all greatovers of bread so I have found with the constant use of FRUTINIA FRUIT bread it has helped a cause I have been trying to solve for years CONSTIPATION.

Using recommend it highly enough hoping you never quit making FRUTINIA FRUIT bread.

MRS J COLIENE, 1108 S WALNUT ST. BUCKRUS, OHIO

How true that is It's really grand. The friendly stimulation you get I FRUTINA FRUIT bread, the call of NATURE ONE LOAF will not do trick, but continuous use of the bread will do the trick.

If your trouble is Constipation, Intestinal Trouble, or Acids try this marve bread (10) days and notice the difference. If in doubt as to the merits of bread, stop at the bakery and read the testimonials from women in all w of life and be your own judge,

This bread is sold only at your INDEPENDENT GROCER, so call your gr right away and tell him you want FRUTINA FRUIT bread-accept no of
